Add New Inventory

Cruise Name	Deck #	Suite Name	Sold	Available	Cost PPN	Action
Desire Party	Desire Resort	Garden View Room	6	4	200	Update View Disable

Room rates are on a per night basis. Total room cost is either calculated by the Nightly cost per room or the nightly cost per person. So for example if the cost is on a per person basis, and there is 2 guest in the room, staying for 7 nights. If the room was \$200 per person per night, the total cost would be \$2800. Net Cost is what admin pays for the room. Gross cost is what we will sell the room for. Clients only see gross cost.

Update button will allow admin or user to:

Change payment due dates, change payment due amounts, add additional payment dates or cancel the reservation.

The system will automatically send payment reminder emails to client for their due amounts. A standard reminder email will be sent out to clients with an invoice and a link to make payment. The first email will be sent 7 days before payment is due. The second email will be sent on due date of payment is not made. The final email will be sent 7 days after due date if payment is not made. On the 10th day after due date with no payment, the system will cancel booking. Client will be notified of canceled reservation. The Send Reminder button can also be used to manually send reminder, where admin can send a custom message to client.
